Analysis Wrap-Up

Months Supply of Inventory (MSI) Decreases

The total housing inventory at the end of April 2021 decreased **59.37%** to 141 existing homes available for sale. Over the last 12 months this area has had an average of 55 closed sales per month. This represents an unsold inventory index of **2.58** MSI for this period.

Median Sale Price Going Up

According to the preliminary trends, this market area has experienced some upward momentum with the increase of Median Price this month. Prices went up **23.51%** in April 2021 to \$208,400 versus the previous year at \$168,725.

Median Days on Market Shortens

The median number of **4.00** days that homes spent on the market before selling decreased by 8.50 days or **68.00%** in April 2021 compared to last year's same month at **12.50** DOM.

Sales Success for April 2021 is Positive

Overall, with Median Prices going up and Days on Market decreasing, the Listed versus Closed Ratio finished weak this month.

There were 96 New Listings in April 2021, up **11.63%** from last year at 86. Furthermore, there were 53 Closed Listings this month versus last year at 62, a **-14.52%** decrease.

Closed versus Listed trends yielded a **55.2%** ratio, down from previous year's, April 2020, at **72.1%**, a **23.42%** downswing. This will certainly create pressure on a decreasing Month's Supply of Inventory (MSI) in the months to come.
