Analysis Wrap-Up

Months Supply of Inventory (MSI) Decreases

The total housing inventory at the end of February 2021 decreased **48.99%** to 203 existing homes available for sale. Over the last 12 months this area has had an average of 90 closed sales per month. This represents an unsold inventory index of **2.25** MSI for this period.

Median Sale Price Falling

According to the preliminary trends, this market area has experienced some downward momentum with the decline of Median Price this month. Prices dipped **3.70%** in February 2021 to \$130,000 versus the previous year at \$135,000.

Median Days on Market Shortens

The median number of **11.00** days that homes spent on the market before selling decreased by 9.00 days or **45.00%** in February 2021 compared to last year's same month at **20.00** DOM.

Sales Success for February 2021 is Positive

Overall, with Median Prices falling and Days on Market decreasing, the Listed versus Closed Ratio finished strong this month.

There were 66 New Listings in February 2021, down **45.00%** from last year at 120. Furthermore, there were 65 Closed Listings this month versus last year at 59, a **10.17%** increase.

Closed versus Listed trends yielded a **98.5%** ratio, up from previous year's, February 2020, at **49.2%**, a **100.31%** upswing. This will certainly create pressure on a decreasing Month's Supply of Inventory (MSI) in the months to come.
