Active Inventory as of March 31, 2022 = **98**

Analysis Wrap-Up

Months Supply of Inventory (MSI) Decreases

The total housing inventory at the end of March 2022 decreased **40.61%** to 98 existing homes available for sale. Over the last 12 months this area has had an average of 59 closed sales per month. This represents an unsold inventory index of **1.66** MSI for this period.

Median Sale Price Falling

According to the preliminary trends, this market area has experienced some downward momentum with the decline of Median Price this month. Prices dipped **17.97%** in March 2022 to \$123,000 versus the previous year at \$149,950.

Median Days on Market Shortens

The median number of **9.00** days that homes spent on the market before selling decreased by 1.00 days or **10.00%** in March 2022 compared to last year's same month at **10.00** DOM.

Sales Success for March 2022 is Positive

Overall, with Median Prices falling and Days on Market decreasing, the Listed versus Closed Ratio finished weak this month.

There were 89 New Listings in March 2022, up **20.27%** from last year at 74. Furthermore, there were 67 Closed Listings this month versus last year at 60, a **11.67%** increase.

Closed versus Listed trends yielded a **75.3%** ratio, down from previous year's, March 2021, at **81.1%**, a **7.15%** downswing. This will certainly create pressure on a decreasing Month's Supply of Inventory (MSI) in the months to come.
