Analysis Wrap-Up

Months Supply of Inventory (MSI) Decreases

The total housing inventory at the end of November 2022 decreased **40.96%** to 284 existing homes available for sale. Over the last 12 months this area has had an average of 137 closed sales per month. This represents an unsold inventory index of **2.07** MSI for this period.

Median Sale Price Going Up

According to the preliminary trends, this market area has experienced some upward momentum with the increase of Median Price this month. Prices went up **5.35%** in November 2022 to \$244,943 versus the previous year at \$232,500.

Median Days on Market Lengthens

The median number of **9.00** days that homes spent on the market before selling increased by 2.00 days or **28.57%** in November 2022 compared to last year's same month at **7.00** DOM.

Sales Success for November 2022 is Positive

Overall, with Median Prices going up and Days on Market increasing, the Listed versus Closed Ratio finished weak this month.

There were 123 New Listings in November 2022, down **11.51%** from last year at 139. Furthermore, there were 110 Closed Listings this month versus last year at 158, a **-30.38%** decrease.

Closed versus Listed trends yielded a **89.4%** ratio, down from previous year's, November 2021, at **113.7%**, a **21.32%** downswing. This will certainly create pressure on a decreasing Month's Supply of Inventory (MSI) in the months to come.
