Analysis Wrap-Up

Months Supply of Inventory (MSI) Increases

The total housing inventory at the end of September 2025 rose **2.52%** to 366 existing homes available for sale. Over the last 12 months this area has had an average of 107 closed sales per month. This represents an unsold inventory index of **3.43** MSI for this period.

Median Sale Price Falling

According to the preliminary trends, this market area has experienced some downward momentum with the decline of Median Price this month. Prices dipped **9.92%** in September 2025 to \$268,000 versus the previous year at \$297,500.

Median Days on Market Shortens

The median number of **19.00** days that homes spent on the market before selling decreased by 5.00 days or **20.83%** in September 2025 compared to last year's same month at **24.00** DOM.

Sales Success for September 2025 is Positive

Overall, with Median Prices falling and Days on Market decreasing, the Listed versus Closed Ratio finished weak this month.

There were 183 New Listings in September 2025, up **28.87%** from last year at 142. Furthermore, there were 125 Closed Listings this month versus last year at 115, a **8.70%** increase.

Closed versus Listed trends yielded a **68.3%** ratio, down from previous year's, September 2024, at **81.0%**, a **15.66%** downswing. This will certainly create pressure on an increasing Month's Supply of Inventory (MSI) in the months to come.
